CHAPTER ONE

1 Getting Started

The Grandes Ligas Barber Shop Appointment System is a web-based platform that allows customers to book appointments online and gives administrators full control over scheduling, barber management, and business operations.

🌐 **Website URL:** https://main.d1mbv2okmios4g.amplifyapp.com

💻 **Requirements:** A modern web browser (Chrome, Edge, Firefox, or Safari). No app download required — the site is fully responsive and works on desktop, tablet, and mobile.

📞 **Walk-Ins Welcome:** Customers can always walk in without an appointment. The online booking system is an additional convenience, not a requirement. Phone: **(508) 872-5556**

CHAPTER TWO

2 Website Overview

The website is organized into several sections accessible via the top navigation bar and footer links.

SECTION	DESCRIPTION
Home	Landing page with hero banner, services showcase, team, schedule, booking form, and contact info
Services	Detailed pages for each service with descriptions, pricing, duration, and a direct booking link
Meet Our Team	Profiles of the barbers on staff with photos and contact info
Schedule	Operating hours for the shop
Book Now	The appointment booking form
Contact	Phone, address, and contact form for inquiries
About	The shop's story, mission, and what makes it special
Privacy Policy	Data handling and privacy information

BS **Bilingual:** The entire website is available in both **English** and **Spanish**. Spanish pages are accessible at **/es** routes (e.g., /es, /es/servicios, /es/acerca-de).

CHAPTER THREE

3 Booking an Appointment

Customers can book appointments directly from the homepage. The booking form checks real-time availability to prevent double-booking.

📅 Booking Steps

1. Scroll to the **Book Now** section on the homepage (or click "Book Now" in the navigation)
2. Enter **Full Name** (required) and **Phone Number** (required)
3. Optionally enter an **Email** address for confirmation
4. Select a **Barber** from the dropdown
5. Choose a **Service** (Beard Trim, Children's Haircut, Classic Haircut, or Haircut & Shave)
6. Pick a **Preferred Date** using the date picker
7. Select a **Preferred Time** — unavailable slots are automatically grayed out
8. Add optional **Notes** for the barber
9. Click **Book Appointment**

⏱️ **Time Slots:** Available every **15 minutes** from **9:00 AM to 7:00 PM**. Slots already booked or blocked by the barber will not appear as available.

✅ **Confirmation:** After booking, the customer receives an email confirmation (if email was provided) and an SMS confirmation (if phone was provided). The shop also receives a notification.

CHAPTER FOUR

4 Services & Pricing

Grandes Ligas offers four core services. Each has a dedicated detail page with a full description and a direct "Book This Service" button.

SERVICE	PRICE	DESCRIPTION
Beard Trim & Lineup	$30	Professional beard shaping, trimming, and lineup
Children's Haircut	$35	Haircuts for children 11 and under
Classic Haircut	$45	Full haircut with styling and attention to detail
Haircut & Shave	$50	Complete haircut paired with a professional shave

💰 **Payment:** Cash only. Please bring exact change when possible.

CHAPTER FIVE

5 Admin Login

The admin portal is accessible via the **/admin/login** route. A hidden "Admin" link also exists in the website footer for convenience.

🔒 Logging In

1. Navigate to the admin login page
2. Enter your **Username** and **Password**
3. Click **Sign In**

🔴 **Rate Limiting:** After **5 failed login attempts**, the system locks you out for **30 seconds**. A countdown timer is displayed. Wait for it to expire before trying again.

🔐 **Security:** Credentials are hashed with SHA-256. Sessions are stored in the browser's session storage — closing the browser tab will log you out.

CHAPTER SIX

6 Admin Dashboard Overview

After logging in, you'll see the main admin dashboard with a live clock, current date, and real-time statistics.

📊 Statistics Cards

📅 Total Appointments

The total count of all appointments in the system, both past and upcoming.

👥 Today's Appointments

How many appointments are scheduled for the current day.

🌐 Booking Source

Shows how many bookings came from the English (EN) vs Spanish (ES) site.

💬 Messages

Count of unread contact form submissions from customers.

🔨 Dashboard Header Controls

CONTROL	FUNCTION
Live Clock	Displays current time in HH:MM:SS AM/PM format
Date Display	Shows current day and date
Refresh	Manually refresh the dashboard data
Sign Out	Logs you out and returns to the login page

CHAPTER SEVEN

7 Managing Appointments

The appointments section is the core of the admin dashboard. View, create, edit, delete, and track all bookings.

📋 Appointments Table

COLUMN	DESCRIPTION
Name	Customer's full name
Email	Customer's email address
Phone	Customer's phone number
Barber	Assigned barber
Service	Selected service type
Date	Appointment date
Time	Appointment time
Notes	Any special instructions
Completed	Whether the appointment has been marked as done

➕ Creating an Appointment (Admin)

1. Click **Add Appointment** (or the "+" button)
2. Fill in: **Name, Phone, Barber, Service, Date, Time** (Email and Notes are optional)
3. The system checks for conflicts — it will warn you if the slot is already booked or blocked
4. Click **Save** — notifications are sent to the shop and customer

✏️ Editing an Appointment

1. Click the **Edit** button on any appointment row
2. Modify the desired fields

3. Click **Save** — the customer receives an update notification with the old and new details

🗑 Deleting Appointments

Delete individual appointments or use **bulk select** to check multiple rows and delete them all at once.

> ✅ **Mark as Completed:** Toggle the completed status on any appointment to track which customers have been served.

> 📅 **Calendar View:** Switch to the calendar view for a monthly visualization. Click any date to see that day's appointments. Navigate between months with the arrow buttons.

CHAPTER EIGHT

8 Managing Barbers

The barber management section lets you add, edit, and remove barbers from the system. Barbers appear in the booking dropdown for customers to select.

➕ Adding a Barber

1. Click **Add Barber**
2. Enter the barber's **Name**, **Phone**, and **Email**
3. Upload a **Profile Photo** (optional)
4. Click **Save**

✏ Editing a Barber

1. Click the **Edit** button next to the barber
2. Update their information or upload a new photo
3. Click **Save**

> ⚠ **Deleting a Barber:** Removing a barber will not delete their existing appointments, but they will no longer appear as an option for new bookings.

CHAPTER NINE

9 Blocking Time Slots

Block specific time slots or entire date ranges to prevent customers from booking during unavailable periods (breaks, vacations, days off).

📅 Single Day Block

1. Select the **Barber** and **Date**
2. Use the **time range selector** (From/To) or click **All Day** to block every slot
3. Optionally select individual time slots from the grid — Blue = already booked, Orange = already blocked, Red = selected to block
4. Add an optional **reason**
5. Click **Save**

📅 Date Range Block

1. Select the **Barber**
2. Choose a **Start Date** and **End Date** (max 60-day range)
3. Add an optional **reason** (e.g., "Vacation")
4. Click **Save** — all time slots for every day in the range are blocked

> 🔄 **Managing Blocks:** Existing blocked times can be **edited** (change dates or times) or **deleted** to reopen availability.

CHAPTER TEN

10 Messages & Contact Submissions

When customers fill out the **Contact** form on the website, their submissions appear in the Messages section of the admin dashboard.

FIELD	DESCRIPTION
Name	Customer's name
Email	Customer's email
Phone	Customer's phone number
Message	The message content

Messages can be **deleted** once addressed. The shop also receives an email notification when a new contact form is submitted.

CHAPTER ELEVEN

11 Exporting Data

The admin dashboard provides two export options for appointment records.

Export as CSV

Download all appointment data as a comma-separated values file. Opens in Excel, Google Sheets, or any spreadsheet application. Includes all fields: name, email, phone, barber, service, date, time, notes, status, source, and creation date.

Export as PDF

Generate a formatted appointment log as a printable PDF. Opens in a new window with Print and Close buttons. Includes the shop header, generation timestamp, and total appointment count.

CHAPTER TWELVE

12 Multi-Language Support

The entire customer-facing website is available in both **English** and **Spanish**. Every page has a translated counterpart.

ENGLISH ROUTE	SPANISH ROUTE
/ (Homepage)	**/es**
/services/:id	**/es/servicios/:id**
/about	**/es/acerca-de**
/privacy	**/es/privacidad**

📊 **Source Tracking:** The system tracks whether each appointment was booked from the English or Spanish site. This data is visible in the admin dashboard's "Booking Source" card as EN/ES badges.

CHAPTER THIRTEEN

13 Notifications & Reminders

The system sends automated notifications via email and SMS at key points in the appointment lifecycle.

NOTIFICATION	RECIPIENT	TRIGGER
Shop Notification	Shop	New appointment is booked
Customer Confirmation	Customer	Appointment is successfully created
Appointment Update	Customer	Admin edits the appointment (shows old vs new details)
Appointment Reminder	Customer	Automated reminder 1 hour before the appointment
Contact Notification	Shop	Customer submits a contact form
SMS Confirmation	Customer	Appointment booked (sent to phone number)

📬 **Email & SMS:** Email is sent via **AWS SES** and SMS via **AWS SNS**. Customers must provide an email or phone number to receive notifications.

CHAPTER FOURTEEN

14 Frequently Asked Questions

Do customers need to book online?

No — walk-ins are always welcome! The online booking system is an added convenience. Customers can also call **(508) 872-5556** to check availability.

What payment methods are accepted?

Cash only. Customers should bring cash to their appointment.

Can a customer book without an email?

Yes. Only the **name** and **phone number** are required. Email is optional but recommended for receiving confirmations.

How do I block a barber's day off?

Go to the **Block Time** section, select the barber and date, click **"All Day"**, and save. For vacations, use the **Date Range Block** feature.

What happens if a customer books a conflicting time?

The system automatically prevents double-booking. Unavailable time slots are grayed out and cannot be selected.

How do I access the admin dashboard?

Navigate to **/admin/login** or click the "Admin" link in the website footer. Enter your username and password to sign in.

Can I export my appointment data?

Yes. The admin dashboard offers both **CSV** and **PDF** export options for all appointment records.

Is the website available in Spanish?

Yes! The entire customer-facing site is available in Spanish at the **/es** routes. Customers can switch languages from the navigation.

I got locked out after too many login attempts.

Wait **30 seconds** for the lockout timer to expire, then try again with the correct credentials.
